

The Department of Health's Community and Family Health Division administers the Title V program in Wyoming. With a small staff of only 19 (12 professionals, 4 record analysts and 3 secretaries), the MCH section's state-wide programs and services include: Children's Special Health Services (fee-for-service) reimbursement for eligible families, care coordination, and systems development for CSHCN); Perinatal Systems Development; Youth Development Systems; Early Childhood Systems including Home Community Health Planning & Development, and Help Me Grow - Safe Kids (a public/private media campaign to reduce preventable illness, injury and death). Funding is also provided to the state Oral Health Services unit for dental sealants and severe crippling malocclusion services; and the state laboratory for a Genetic Services Program (screening and counseling).
